## Love In Action

### EVANGELISM TRAINING PROGRAM

We praise the Lord for granting our evangelism students an opportunity to demonstrate God's love in loving service to certain families and individuals in the surrounding communities. In distributing blankets for the upcoming winter season and treating an old diabetic patient.

It's amazing to see what God is accomplishing through our students as a result of the knowledge gained in class.

In literature distributions, prison ministry and evangelistic campaigns our lay missionaries by God's grace managed to reveal Jesus, the Light of the world.
